**THE AMERICAN CHEMISTRY COUNCIL
NOTICE OF INTENT TO PARTICIPATE IN PUBLIC HEARING**

On September 23, 2013, the American Chemistry Council ("ACC"), filed its Notice of Intent to Participate in in the public hearing previously scheduled for October 22, 2013 in this proceeding. At that time, however, ACC had not yet determined who would speak on its behalf, but stated that it would inform the Board upon making that determination. The purpose of this filing is to inform the Board that ACC will be represented at the re-scheduled hearing by the undersigned, Jeffrey O. Moreno.

Respectfully submitted,
